

To whom it may concern,

I am writing this note to express my concern over this issue. It seems that this may take a radio station that my family and I listen to all the time. That radio station is KLOVE. Without this station in my listening area we would have no Christian music and I believe that this would be a disaster. This is the only light that some people may ever see. In this day and age Christians are the target of the world and we must stand up for our rights. If this station is forced to go off the air or no longer be able to provide service because of LPFM I believe that my rights will have been infringed upon. The service provided by KLOVE is vital to the community and needed as a alternative from all the worldly activity that is provided by other stations in the area. If you force KLOVE off the air then I ask the question " Are you going to do the same to the other stations that do not provide Christian music?" I finishing I urge you to not take my station from me.

Your brother in Christ
